Accreditation

The Australian College of Fitness & Bodywork is accredited through the Australian Skills and Quality Authority (ASQA). Our nationally accredited course list is available on www.training.gov.au.

Student Responsibility

Students are required to adhere to all of ACFB's policies and regulations, act professional and in a non-discriminatory manner at all times and respect the rights of students, clients and staff. If a student is found to have acted in a way that ACFB deems to be misconduct, disciplinary action may be taken in the form of the suspension or cancellation of a student's enrolment as outlined in the document.

ACFB will endeavor to provide you with the best possible training, ongoing communication and any reasonable additional assistance you may require to complete your qualification. However, it is each student's responsibility to contact ACFB regularly at all stages throughout their course in order to progress and keep up to date with their studies. By enrolling, each student accepts this, and ACFB accepts no responsibility for the level of contact made throughout a student's course. If you require additional support at any stage through your course, please contact us on 03 9873 4858 and we will be more than happy to help.

Study Options

ACFB provides three (3) study options to choose from; On-campus, On-campus FLEXI and Distance learning. All students have access to a detailed and easy-to-use eLearning platform where they can view and download course material, complete and submit assessments, watch practical films, interact with other students and trainers through a course forum and much more.

Enrolment Information & Fees

Enrolment Entry Requirements

ACFB conducts a **pre-enrolment interview** (Pre-Training Review) with all candidates who enrol to study a vocational course, and students are encouraged to contact ACFB prior to enrolment to discuss their course options, study needs, fees, timetables and ACFB's policies. ACFB accepts all students (domestic ONLY) looking to complete courses within our scope of practice as published on www.training.gov.au. Students must be a minimum of 16 years of age, a minimum of year 12 English or equivalent to undertake study at ACFB, and an exit level of three (3) (Australian Core Skills Framework) or above in literacy and numeracy is required to access VET Student Loans for eligible students.

Pre-Training Review, Core Skills & Student Needs

Prior to enrolment, ACFB will conduct a pre-training review with all students looking to enrol. Through our pre-training review we work with each student to determine their:

- training and career goals
- any special learning requirements they may need
- any potential obstacles that may arise in the pathway to achieving these goals
- delivery method preference and suitability (to their learning style and life style)
- need for any additional support

If we detect the potential student may have difficulty with the course due to lower than required communication or core skills level, has a special learning need and/or disability and/or has not completed any previous qualifications, a **self-assessment questionnaire** and/or **core skills assessment** is also provided to determine the individual needs of each learner.

If ACFB feels that the potential student's core skill level is of an adequate standard, they may not have to complete the **self-assessment questionnaire & core skills assessment** form. This decision is made prior to enrolment by the Course Consultant along with the Course Coordinator or Business Manager. This information is available on ACFB's website at: <http://www.acfb.edu.au/faqs.html>.

Prior to enrolment, if ACFB believes and/or if a person considers them self to have a special learning need and/or disability, they should notify ACFB so we can take them through the course details, and provided them with a realistic course overview to suit their specific needs. This may include (for example):

- modify the training plan if and when required
- provide additional training sessions either one-on-one with a trainer/mentor or within class
- additional time to complete tasks, assessments, etc
- modification of assessments methods
- provide additional access to the student support officer and core skills specialist when required.

This can be done either through an informal meeting (with a follow-up email documenting what is involved in the course and any changes from ACFB or requirements from the potential student), or a formal meeting with the potential student and / or their support person / case worker. A person who ACFB have identified as requiring assistance with their core skills, or who has not completed any qualifications after high school, or who has English as a second language (ESL) will be referred to a local training provider who delivers Foundation Skills courses.

If you require support at any stage through your course, please contact the Student Support Officer, Course Coordinator or Business Manager on 03 9873 4858 and we will be more than happy to help.

Student Selection Process

Once the enrolment forms have been received, pre-training review completed and any core skills assessments have been passed, the student will be contacted and advised if they have been accepted into their chosen course of study and if they are also eligible for the Skills First funding, VET Student Loan or ACFB's Student Scholarship Program. If ACFB feels that a person would not be able to cope with the workload, language barriers or course requirements, they will be notified prior to enrolment and provided with other opportunities or avenues to assist them.

Enrolment Requirements

A student may enrol by completing the on-line enrolment forms on ACFB's website. Once completed, it will come to ACFB for approval and any evidential forms must accompany an enrolment in hard copy. **Please note: If a student applies for a VET**

Student Loan, there is a two (2) day cooling off period after they sign an enrolment form. This process may take up to approximately five (5) business days if all forms are included and payment is made. *Please note: by completing the government funding component of the online enrolment process, it does not guarantee a person's eligibility. This will be assessed by an ACFB authorised officer.*

Enrolment forms can also be sent to ACFB either by mail, fax, and email or in person using the details on the previous page. In order for a student to start their course, or lock in their seat, either a no-deposit instalment plan, or deposit or MUST accompany an enrolment form. This process may take approximately five (5) to ten (10) business days.

Once a student enrolls, an invitation will be emailed (from - donotreply@mywisenet.com.au) to them to join their eLearning platform. This email will also outline instructions on how to navigate and get the most out of your course. *In order to use your eLearning platform to its full potential, you MUST use either Google Chrome or Mozilla Firefox. Internet Explorer is not compatible.*

Course Orientation & Completion Dates

On-campus students

Non VET Student Loans Enabled Courses & Students – Refunds & Withdrawals

This section is applicable to students who are not studying a VET Student Loans enabled course and/or who are not eligible for VET Student Loans assistance.

On-Campus Students

Withdrawals from a course must be addressed in writing to ACFB’s Principal. The withdrawal process will start from this date.

A full refund will be provided if received 30 days or more prior to course commencement. A partial refund will be provided if written advice has been received:

- more than 30 days prior to course commencement (less \$50 cancellation fee)
- less than 7 days prior to course commencement (less \$100 cancellation fee)

There will be NO refunds of course deposits (or equivalent payments) or transfers after course commencement date. Course fees are transferable 30 days prior to course commencement; however, a transfer fee applies. In the unlikely event that a class is postponed or cancelled, you will be given the option of transferring to an alternate class/intake or a full 100% refund. Enrolment fees cannot be transferred to another person.

On-campus FLEXI and Distance Learning

Withdrawals from a course must be addressed in writing to ACFB’s Principal. Once a student has commenced their course by accessing their student webpage, or by receiving their course material up to the time they wish to withdraw, no refund will be issued for fees paid up to that time. Exceptional circumstances will be considered at the discretion of the Principal.

Students may wish to suspend their course and commence it at a later date (maximum of 6 months). For students who wish to choose this option, they need to address it in writing to ACFB’s Course Coordinator. Enrolment fees cannot be transferred to another person. Students wishing to transfer to another delivery method or intake will be required to pay a transfer fee. If the student is a full fee student (FFS) their course fee will be adjusted to the applicable total.

All massage students who are required to complete student clinics on-campus as part of their course, MUST pay out these clinics (over the minimum requirements) if they do not wish to conduct them on-campus.

General Withdrawal Information

Any RPL costs will be taken into account when calculating any refunds. Any student whose entire course contribution is less than the standard course deposit of \$500, or payments made up to the time of withdraw will forfeit this fee if they choose to withdraw after they commence their course. All students who enrol in a course and do not attend their classes/sessions or

communicate their intention to defer their studies in any six (6) month period will be withdrawn from their course and they will forfeit any monies paid. Exceptional circumstances will be considered at the discretion of the Principal and Course Coordinator. Refunds are calculated on course duration and not content completed. Refunds will be paid within 28 days of the census date of the VET unit of study to which the withdrawal applies or 28 days after the withdrawal date.

VET Student Loans

VET Student Loans Enabled Courses – Refund Policy

Refunds – students who **are** eligible for VET Student Loans assistance

This section is applicable to students who are, or would be, entitled to VET Student Loans assistance enrolled in a VET Student Loans enabled course offered by ACFB. Census dates are outlined on ACFB's website – acfb.edu.au.

In the event of a student withdrawing from a VET unit of study on or before the census date for that unit of study:

- 100% of tuition fees paid for that unit will be refunded to the student; and
- the student will not incur a VET Student Loans debt.

In the event of a student withdrawing from a VET unit of study after census date for that unit of study:

- no refund is applicable; and/or
- the student will incur a VET Student Loans debt.

Re-crediting a FEE-Help Balance

The Australian College of Fitness & Bodywork will conduct this procedure in compliance with Schedule 1A of the *Higher Education Support Act 2003* and the VET Guidelines 2013.

ACFB will:

- set a census date for each VET unit of study that is no earlier than 20% of the way through the VET unit of study;
- ensure that all students are informed of the census date for each VET unit of study in the manner and by the date prescribed in the VET Administration Guidelines;
- ensure that all students are informed of the review procedures for the re-crediting of a FEE-HELP balance.

If a student who has requested VET Student Loans assistance withdraws from a VET unit of study on or before the census date for that VET unit of study, the student will not incur a VET Student Loans debt for that VET unit of study.

If a student who has requested VET Student Loans assistance withdraws from a VET unit of study after the census date for that VET unit of study, the student will incur a VET Student Loans debt for that VET unit of study.

A student who has incurred a VET Student Loans debt for a VET unit of study may apply to have their FEE-HELP balance re-credited for the affected VET unit of study in accordance with the following procedure.

Special circumstances

If a student withdraws from a VET unit of study after the census date, or has been unable to successfully complete a VET unit of study, and believes this was due to special circumstances then the student may apply to have their FEE-HELP balance re-credited for the affected VET units of study.

ACFB will re-credit the student's FEE-HELP balance if it is satisfied that special circumstances apply that:

- are beyond the student's control; and
- did not make their full impact on the student until on or after the census date for the VET unit of study in question; and
- make it impractical for the student to complete the requirements for the VET unit(s) of study in question.

ACFB will be satisfied that a student's circumstances are beyond the student's control if a situation occurs that a reasonable person would consider is not due to the person's action or inaction, either direct or indirect, and for which the student is not responsible. The situation must be unusual, uncommon or abnormal.

Each application will be examined and determined on its merits by considering a student's claim together with independent supporting documentation substantiating the claim. Initial applications for the re-crediting of a student's FEE-HELP balance are to be made, in writing, to ACFB's Administration Manager.

Att: Administration Manager
ACFB
Suite 4/333 Mitcham Rd
Mitcham, Victoria, 3132

The procedure for the re-crediting of a FEE-HELP balance is as follows:

- when a student withdraws from a VET unit of study, ACFB shall confirm the withdrawal by giving notice to the student in writing stating the date at which the withdrawal has taken effect;
- when a student fails to meet the requirements of a VET unit of study, ACFB shall confirm the failure by giving notice to the student in writing of the final result for that VET unit of study after results for that VET unit of study have been formally approved;
- the student must apply in writing to the Administrator Manager within 12 months from the date specified in the notice as the day of withdrawal or the date of receiving their final results for the VET unit of study. ACFB may exercise its discretion to waive this requirement if in its opinion, it was not possible for the application to be made before the end of the 12 month period;
- The Administrator Manager shall advise the student of the outcome of the application within 28 days stating the reasons for the decision;
- The Administrator Manager shall also advise the student of their rights for a review of the decision if they are not satisfied with its outcome.

The Administrator Manager will consider the application and will agree to such requests if they are satisfied that there were special circumstances in the student's case. If a decision is made to re-credit the student's FEE-HELP balance, ACFB will notify the Department of Education and will repay to the Commonwealth any VET STUDENT LOANS assistance received on the student's behalf and the student's VET Student Loans debt for those VET units of study will be removed.

Review of a decision

If a student is not satisfied with the decision made by the Administrator Manager in relation to re-crediting their FEE-HELP balance they may request a review of the decision.

The review shall be carried out by the Review Officer who is not involved in the original decision making and is senior to the original decision maker.

Any such request must be submitted to the Review Officer in writing and:

- include the date of the original decision
- must be lodged within 28 days of receiving notice of the original decision, unless ACFB has allowed a longer period; and
- must specify the reasons for making the request.

A student must provide original, independent documentation as part of any application due to special circumstances. The documentation must clearly indicate the following:

- the level of impact of the special circumstances
- what the special circumstances were
- when they occurred
- how long they lasted; and
- for applications relating to a remission/refund of debt, that the circumstances made their full impact on the student on, or after, the census date.

This documentation should include:

- Medical Reasons – a statement from an appropriate health care practitioner that states:
 - The date your medical condition began
 - How your condition affected your ability to study
 - When it became apparent that you could not continue your studies or that your studies would be impacted in some way

Note: The student should inform their doctor that the statement will be sent to ACFB in support of your application for consideration under special circumstances.

- Family/Personal Circumstances – a statement from a doctor, counselor or independent member of the community, for example a Justice of the Peace or a Minister of Religion, stating:
 - The date your family/personal circumstances began or changed
 - How your circumstances affected your ability to study
 - When it became apparent that you could not continue your studies or that your studies would be impacted in some way.
- Employment Related Reasons – a statement from your employer stating:
 - Your previous work hours and location
 - Your current work hours and location
 - The reason for changed hours and location

Skills First Funding

ACFB is an approved Registered Training Organisation that provides government subsidised training through the [Skills First Scheme](#). This program makes training more accessible to people who want to gain a qualification that is higher than the highest qualification they already hold, or who have no previously completed qualifications. For more information and to see if you are eligible, please contact ACFB on 03 9873 4858 (option 1 or 3). You can also find out if you are eligible through the [Funding Eligibility Indicator](#) website. Please note that

ACFB's Scholarship Program

A scholarship at ACFB is only available to **On-campus and on-campus FLEXI massage** students who are not eligible for the Victorian Training Guarantee (VTG) or VET Student Loans. This program is a great way for students to utilise the skills and knowledge they learn within their course and implement them within a real clinic environment that is open to the general public. The money generated from these clinics goes towards helping the student pay their course fees. There are two (2) scholarship options for each course and these clinics fulfill the compulsory logbook hours required for every massage course.

If a scholarship student wishes to complete less clinics than organised in their contract (above the course requirements), they can choose to pay out their clinics. Please see ACFB for more details. Please refer to the 'Refund Policy' heading of the document. There is NO clinic payout option for massage students not on a scholarship.

Students with these beliefs will need to conduct and document a massage on a family member of the opposite sex that they are comfortable with. *All other massage students will need to perform massages on both sexes.*

ACFB's Mentoring Program

ACFB understands that studying a course from home can be hard. That is why we offer our students studying via on-campus FLEXI and distance learning a mentor who is there to support them throughout their course. They will also call the student to support them in their progress and offer assistance.

First Aid Training

Students studying via distance learning are able to either attend an ACFB scheduled first aid class or enrol in an approved equivalent First Aid course at an external registered training Facility. ACFB recommends St John's First Aid training who provides one and two day courses across Australia. Simply call 1300 360 455 or visit their website www.stjohn.org.au to find your nearest centre. If you have already completed a First Aid course, please supply a copy to your course coordinator.

ACFB recognises the importance of effective communication as essential to resolving any concerns, and this policy is fundamental to the resolution of grievances and the reconciliation of Claimants with ACFB. ACFB aims to respond to appeals and grievances in a fair and equitable manner and to resolve the grievance to the satisfaction of all parties. This Policy is in place to manage both academic and non-academic appeals and grievances and to guide the actions taken by all parties.

This Policy will be published on ACFB’s website for current and prospective students, clinic clients and general staff. In addition, it will be provided to students at course commencement. All related correspondence, both inwards and outwards, will be maintained in the file and stored securely at ACFB’s Mitcham campus. Each file is to be held for a minimum period of five years after the Claimant’s final dealings with ACFB on the grievance. The minimum seven (7) year retention provision also applies where the grievance is dealt with externally, with the retention period commencing at the conclusion of the external reviewer’s involvement with the grievance. Confidentiality is observed at all times, with records of all grievances, applications for review and the outcomes only being available to the parties involved in the grievance, under supervised access upon written request to ACFB’s Principal.

Assurances

During all stages of the grievance process, ACFB will take all steps necessary to ensure that the Claimant and Respondent will not suffer any disadvantage, victimisation or discrimination as a result of raising a grievance. An explanation in writing for decisions and actions taken at any stage of the process will be provided to the Claimant or the Respondent. Appropriate confidentiality will be maintained, and where possible, disclosure of grievance information will be limited to those who are legitimately involved in the process of resolving the grievance.

Negotiated solutions will aim to address the key issues and be acceptable to all individuals or parties involved without ascribing blame, victimisation or discrimination. This Policy does not replace or modify policies or any other responsibilities that may arise under other ACFB policies or under statute or natural justice. Neither this Policy nor the availability of grievance and appeals processes remove the right of the student to take action under Australia's consumer protection laws or the right to pursue other legal courses of action. ACFB complies with the Privacy Act 1988 and a copy of a student's information can be forwarded upon written request to ACFB's Business Manager.

Feedback

Feedback from students and clinic clients about academic or clinic services and courses offered by ACFB is encouraged and would not normally be viewed as a grievance, unless specific action is requested in the form of a concern raised. The forum for feedback by a clinic client is via the online Clinic Feedback Form (available on the Student Massage Clinic login at acfb.edu.au), or via the Clinic Feedback Form available at reception. Students are able to use the 'Student Feedback Form' / 'Please provide us with feedback survey' available on every cluster/unit on their eLearning webpage. All feedback submitted via the Student Feedback Form or Clinic Feedback Form options will be responded to within three (3) working days. However, in the case of a student or clinic client feeling they have experienced unfair or unreasonable treatment, disadvantage or distress and does not want to provide this feedback through the informal feedback process, that they wish to pursue through a more formal process.

Feedback submitted via these methods can be considered **Stage 1** of the grievance process, known as the Informal Resolution Process (see below). If the grievance is not resolved through informal procedures, Claimants may initiate a Formal Grievance Process. There is no cost to the Claimant for utilising the internal College grievance procedure.

Prospective and Former Students

This Policy and related procedure(s) also cover prospective students of ACFB who have a grievance with non-academic matters including the enrolment process, or students who have ceased their enrolment with ACFB. Issues from prospective students can be considered under this Policy up to six (6) months from the time of the issue arising. Issues from former students can be considered under this Policy for a period of up to twelve (12) months after their enrolment has ceased. A grievance submitted under these circumstances must not be a previous grievance that has been considered resolved, but a new grievance with new facts that may have recently come to light. A previous grievance cannot be re-instigated after the student's enrolment with ACFB has ceased or after the prospective student's grievance has been resolved.

Stages of Grievance Implementation

The following steps identify the four key stages through which a grievance may be processed. ACFB provides the following steps to allow the grievance to be formalised. The Claimant's privacy rights will be assured whilst also ensuring that

victimisation and discrimination does not occur at any time during the following stages. The Claimant has the right to be heard on the matter of the grievance at any stage and may be accompanied by a nominated support person when meeting with ACFB to discuss their particular concern. At each stage, the claimant or appellant will be provided with a written statement of the outcome of the complaint and of any appeals including details of the reasons for the outcome. The four stages of the Grievance Process are fully detailed below.

Stage 1 – Informal Resolution Process

Claimants are encouraged to attempt to resolve the grievance informally and amicably at an early stage. This can be done through speaking directly with an ACFB team member, or can be systematised and lodged via the Student Feedback Form (SFF). If the claimant cannot gain resolution or feels they cannot talk to the person involved, the claimant may then seek assistance from a Trainer, Administration Team Member, Department Coordinator or Administration Manager on campus (or a nominated delegate). The nominated staff member will communicate with the student about the outcome and possible resolution. The communication and outcome will be recorded in the student's confidential records and kept for a period of five (5) years. When submitting feedback via the SFF, a written response will be received within three (3) to five (5) working days.

If the grievance is not resolved through informal procedures, students/clients may initiate ACFB's Formal Grievance Procedure (Stage 2). All students/clients have the right to lodge a formal grievance. A formal grievance must be lodged by a person who is directly impacted by the events described in the grievance. There is no cost to the claimant for utilising the internal grievance process.

Stage 2 – Formal Resolution Process

The formal grievance procedure begins when a student or clinic client states in writing that they have a grievance using the formal grievance paperwork available at acfb.edu.au (and on each student's eLearning webpage) and submitted directly to the Complaints and Appeals Committee via admin@acfb.edu.au. The Complaints and Appeals Committee is composed of each department head and the Course Coordinator. The claimant should include a detailed description of the reason for their complaint and if available any documentary evidence. The claimant will receive acknowledgement of receipt of their grievance from the Complaints and Appeals Committee within three (3) working days.

This acknowledgement will:

- Advise the claimant of the process that will be followed, the timeframes that will be required and the steps the claimant should undertake for this stage of the particular grievance, and
- Advise the claimant of their rights of appeal.

The grievance resolution process will commence within five (5) working days of receipt of the form and all reasonable measures will be undertaken to finalise the process as soon as practicable. The Complaints and Appeals Committee (or delegated nominee), will, if necessary, seek to clarify the outcome that the student hopes to achieve. The Complaints and Appeals Committee (or delegated nominee) will investigate the grievance and interview anyone associated with the grievance to gain a full understanding of the issues in order to make an informed decision. Clarification may be sought from the student by a verbal or written request or by a face-to-face interview with the student. Both the claimant and/or Respondent(s) may be accompanied and assisted by a nominated support person during this process.

The Complaints and Appeals Committee (or nominated delegate) will provide a written decision to the Claimant and / or Respondent within ten (10) working days of receipt of the formal complaint, or as close to this timeframe as possible. The

correspondence will outline the reasons for the decision and the name and contact details of the person to whom they can appeal, if they are not satisfied with the decision. This timeframe is dependent on the requirement for re-assessment or provision of further evidence, and the claimant shall be kept informed of any changes to the schedule.

It is important to note that formal grievances respect the right and the privacy of the individual, and all formal grievances MUST be lodged individually. Each Claimant's circumstances are different and as such will be reviewed with the best interests of the individual in mind. The Complaints and Appeals Committee (or nominated delegate) will also provide an internal report on the process for College records. All records are kept on file for a period of 7 years.

Stage 3 - Appealing the Original Decision

If the claimant is dissatisfied with the outcome of their grievance, they may lodge a further appeal detailing the reasons for the appeal to ACFB's Principal within ten (10) working days of being informed of the decision of the original appeal. The Principal is responsible for convening the Complaints and Decision Review Committee based on the appeal documentation and will acknowledge receipt of the appeal in writing within three (3) working days.

Students who lodge an appeal must remain enrolled and attend all classes as normal until the process has been completed.

The Principal is senior to the members of the Complaints and Appeals Committee and is not involved in the previous stages of the complaints process. The Principal will as soon as possible review the original decision and interview any persons related to the grievance. Students will be advised of any likely delays. If the Principal seeks clarification from the student(s) or the Respondent in the form of face-to-face interviews, both the claimant and/or Respondent(s) may be accompanied and assisted by a nominated support person during this process.

If the original decision is overturned, then the student's grievance is taken to be proven true and any further actions required to address the issue will be identified and implemented. The Principal will provide a written report to the student and / or respondent advising the outcome of the appeal and further steps taken to address the grievance within twenty (20) days of the receipt of the appeal. ACFB's Principal will also provide an internal report on the process for College records. All records are retained for a period of five (5) years.

Stage 4 - External Independent Review

Claimants who wish to lodge an external appeal or complaint against the outcome of ACFB's internal appeal process may consider an independent external review of the decision. To progress to Stage 4, the Claimant is required to respond within ten (10) days of receipt of the final decision to ACFB's Principal.

The claimant needs to ensure that this request presents a substantial reason for an external review of the decision, and must include all documents relevant to the case so the external reviewer can get a full understanding of the grievance. The application must be lodged within twenty eight (28) days of receiving a written notice of the final internal outcome to the external reviewer. The details of for the external body and contact details are as follows:

Lead from Within

Vanessa Toy

Phone: 0434 242 230

Email:

Website: www.leadfromwithin.edu.au

ACFB will cooperate and provide all relevant information requested by 'Lead from Within' throughout the review process. Costs of such mediation will be shared equally by the Australian College of Fitness & Bodywork's and the Complainant. As a guide, mediator's costs would be approximately \$250 per hour.

Within thirty (30) working days of receiving any external review decision and recommendations ACFB's Principal will give due consideration to any recommendations arising out of the external review, give the Claimant comprehensive written advice about the outcome, and file all records in confidential storage.

Continuous Improvement

Any improvement action arising from a student grievance or appeal and the procedures involved, will be communicated to all staff via a written statement, specific development meetings and training sessions; outlining why the issue occurred, what ACFB have done to rectify the issue and how we can avoid future occurrences. All communication will be recorded in accordance with ACFB's Continuous Improvement Process whilst ensuring Claimants confidentiality is maintain at all times.

If you do not withdraw properly or if you miss the withdrawal deadline (census date), you will incur a HELP debt for all applicable units of competency and/or your course. We must receive your application for withdrawal on or by the census date in order to avoid incurring a HELP debt. It is important that you understand that by withdrawing from your course, you will only be entitled to receive a Statement of Attainment for unit(s) of competency where you have been fully *assessed* and *deemed competent* for all components of that unit(s); **and** where payment for training has been made; **and** where you have supplied a copy of your Unique Student Identifier (USI).

For more information about the correct withdrawal procedure you should contact administration on 03 9873 4858 or admin@acfb.edu.au.

What happens if I withdraw by the census date?

If you correctly withdraw from a unit by the census date, you will not incur a HELP debt. If you are using FEE-HELP or VET Student Loans, your FEE-HELP limit will not be reduced if you withdraw by the census date.

What happens if I withdraw after the census date?

If you withdraw from a unit after the census date, you will incur a HELP debt. If you are using FEE-HELP or VET Student Loans, your FEE-HELP limit will be reduced.

If you withdrew from a unit after the census date because of special circumstances, you may be able to get your HELP debt remitted (and your FEE-HELP balance re-credited if applicable).

Can I get a refund of my HELP debt?

If you withdrew from a unit after the census date because you fell ill or because of other circumstances beyond your control, you may be able to have your HELP debt remitted (and your FEE-HELP balance re-credited if applicable).

When do 'special circumstances' apply?

Generally, special circumstances apply if you withdraw from a unit after the census date because you become seriously ill or because of other special circumstances. Changing your mind or failing a unit are not sufficient reasons to apply for special circumstances.

Academic Transcripts & Graduation Procedure

Once a student feels they are ready to graduate, they need to complete a 'Request to Graduate' application which are located on the student page of ACFB's website and email or hand it to their trainer in order to receive an Academic Transcript / Certificate and Statement of Results. Students can either pick up their certificates for free or have them sent via registered post for a \$10 fee. These will only be issued once a student has successfully completed all requirements of their course including:

- all outstanding fees have been paid
- all learning outcomes have been achieved
- all practical and theory examinations have been passed
- all borrowed books have been returned
- Student's have signed off on all documentation to comply with AQTF guidelines

Whilst Diploma/Certificates will NOT be issued prior to graduation, you may request a letter from ACFB stating that you have completed the course. Certificates and Statements of Results are issued within 28 days, however this is normally completed within 2-3 weeks after the course coordinator has approved the Application to Graduate. Please also be aware that the majority of units are linked to final practical demonstrations, logbooks, work placement and supervised clinics. Until all of these are completed for the applicable course, **no whole unit of competence** has been completed and a statement of results will list no completed unit(s).

NOTE: ACFB reserves the right to refuse the student entrance to all final examinations until all outstanding fees and library loans have been paid in full.
