

Provide Massage Treatments

RPL/RCC Information Sheet

Related Units of Competency

- *HLTMSG001* *Develop massage practice*
- *HLTMSG004* *Provide massage treatment*
- *HLTREF002* *Provide reflexology for relaxation*

Please Note; Gaining RPL for Provide Massage Treatments, only covers the requirements specifically related to this cluster.

To gain RPL for the FULL units of competency listed above, you will **also** need to satisfy the requirements for Supervised and Non-Supervised Client Consultations requirements.

Cluster Description:

This cluster covers the knowledge and skills of the massage framework including environmental sustainability, negotiating treatment plans, providing a massage treatment to a client including;

- Basic relaxation massage strokes within a treatment
- Lomi Lomi massage strokes
- Reflexology massage strokes

Instructions

Please read the following requirements and tick the applicable box. If you wish to apply for RPL/RCC for this cluster, you **MUST** complete and provide:

- this document
- the relevant evidence you have stated which **MUST** be included with your RPL application
- the specific units of competency RPL applications

Please note: An RPL/RCC application will not be reviewed without these completed documents. No exceptions.

1. Gaining RPL (Tick boxes relevant to your application)

In order to gain RPL for this cluster you **MUST** provide the following evidence:

- Relevant transcript & certificate, or
- Resume of applicant outlining previous and/or current work as a massage therapist
- Letter from employer stating the applicant's current job role as a massage therapist

And,

- Requirements for sustainable massage practice

2. Practical Evidence Required *(Tick boxes relevant to your application)*

- To gain recognition for practical components of this cluster, you will need to complete a practical demonstration to demonstrate your current ability to apply:
 - Basic relaxation massage strokes – effleurage, frictions, kneading, longitudinal gliding strokes, petrissage, compressions, tapotement, vibrations within a full massage treatment. This demonstration will also assess an applicant’s ability to comply with WHS, infection control, draping, bolstering and communication requirements.
 - Complete a full client consultation including an interview and questioning, negotiating a treatment plan, applying a variety of massage strokes to meet the needs of the client. This demonstration will also assess an applicant’s ability to comply with WHS, infection control, draping, bolstering and communication requirements.

3. Acknowledgement
